- Removes illegal guns from our communities by ensuring that dangerous criminals and domestic abusers sell or transfer their firearms after they're convicted.
- Requires any business that sells ammunition to report if their ammunition is lost or stolen.
- Requires people to notify law enforcement if their guns are lost or stolen.
- Ensures people convicted of gun theft are ineligible to own guns.
- Strengthens our background check systems and ensures that CA law enforcement shares data about dangerous people with the FBI.

WHY IS PROP. 63 IMPORTANT?

- **More than 300 Americans are shot each day**, more than 80 of them fatally.
- In the U.S., **gun violence claims over 32,000 lives annually**.
